Female Host for the *Teen Choice Awards*

Welcome back to the Teen Choice Awards. We all know how teens love to text. Texting while driving is very dangerous and potentially fatal. So the "It Can Wait Campaign" was created to change behavior and save lives by asking you to take the pledge to never text and drive. All you have to do is tweet #It can wait. I've taken the pledge and I'm asking you to please, please join me. No text is worth the risk.

Male Host for *Globe Trekker*, a 1 hour Travel Channel show

Whether man made or a natural phenomenon, our heritage is irreplaceable. We'll travel a round the world to explore some of our most endangered places and ask what we can all do to help the world we live in. First stop the beautiful city of Venice, which has slowly been sinking for the past 1,000 years. Next witness chunks of a glacier melting into the sea in Antarctica as global warming continues to heat up the earth. Then travel to the Nevada desert outside Las Vegas where "A" bombs were tested in the 1950s. And finally fight for a place on the beach in Algarve as we look at the invasion of tourism that takes place there every year.
